

Supporting their Success with Free Software and Pro Bono Support

NetSuite Social Impact For Nonprofits and Social Enterprises

Whether your mission is serving the local community or providing international outreach to empower and educate for global causes, one thing is certain—you're working incredibly hard to fulfil your mission, while being a good steward of donor dollars.

With NetSuite's unified business management solution, nonprofits and social enterprises like yours can manage their entire organisation in NetSuite's cloud-based application—integrating nonprofit accounting, fundraising, donor and volunteer records, inventory management, and ecommerce.

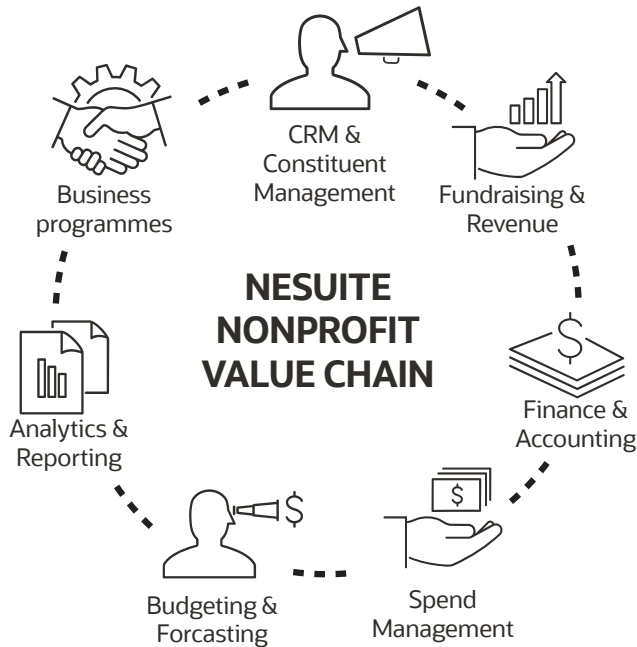

What We Offer

NetSuite Social Impact makes a standard donation of NetSuite available at no cost or a significant discount.

Key Benefits of NetSuite

- Gain visibility into your financial health with a powerful nonprofit and financial management and accounting system.
- Demonstrate efficacy of dollars spent to dollars raised.
- Measurably describe your service delivery impact.
- Break down silos and empower your organisation with a 360-degree view of your donors, volunteers, supporters and clients.
- Anytime, anywhere mobile access.

“With NetSuite, we now have a single coordinated effort across the organisation and are able to make the most of every interaction with our donors and customers with a single 360-degree view.” **The Foundation Center**

Software Donation Terms

As a qualified nonprofit/charity or social enterprise, you can receive the base software donation at a 100% discount off list prices. Additional users and modules may be purchased at a significant discount, which is determined by your organisation’s previous year’s revenue.

	Annual Revenue of the Nonprofit/Charity	
	\$0-\$5M	\$5M
Base Donations	Donated 100%	Donated 100%
Additional Items*	80% Discount	50% Discount

*Additional items refer to add-ons, users and associated support only. Discounts do not apply to training, professional services or platinum support.

The donation terms of other NetSuite products are slightly modified.
